Doing Business With Us

Your Telephone Directory

The Opportunity Pages are available to customers to help assist in telephone use. Additional directories are available at your local business office or by calling our Customer Contact Center. The Telephone Company assumes no liability for damages arising from errors or omissions in the making or printing of this directory. If an error does appear or you need to change your listing, call our Customer Contact Center.

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the subscriber's telephone number or central office designation, or both, when necessary.

New Telecommunications Service

To apply for telecommunications service, call the Telephone Company with your:

- name
- old and new address
- E911 address
- social security number
- place of employment

A security deposit may be required

Connection Charges

Certain installation charges apply according to work performed. Charges could include: service order charge, central office connection charge, line connection charge, wiring charge or premise visit.

To Disconnect Service

To disconnect service, call the Telephone Company with:

- your telephone number
- date of disconnection
- the address where we should send the final bill

If you rent a telephone from the Telephone Company, you must return it.

Assistance in Establishing Telephone Service

Pursuant to requirements of the Telecommunications Act of 1996 (47 USC 214) CenturyTel of Central Arkansas, LLC, gives notice that it provides the core services required for federal universal service support. Such services are as follows:

(1) single party service,
(2) voice grade access to the public switched network,
(3) DTMF signaling or its functional equivalent,
(4) access to emergency services,
(5) access to operator services,
(6) access to interexchange service,
(7) access to directory assistance, and
(8) access to toll blocking for qualifying low income consumers.

Low-income customers may be eligible for special discounted local service rates and reduced installation charges. See the following information regarding Lifeline Service and the Link-Up program.

Lifeline Service

Lifeline Service is a program designed to make telephone service available at reduced rates to eligible residential customers.

Eligible residential customers who apply for Lifeline Service will not have to pay the monthly subscriber line charge and their basic monthly service charge will be reduced.

Lifeline Service does not discount installation or service connection charges (these are discounted through the Link-Up Program), long distance services or calling features (Call Waiting, Call Forwarding, etc.).

You are eligible for Lifeline Service if you can prove that you currently receive services from any of the following assistance programs:

- Medicaid
- Food Stamps
- Supplemental Security Income (SSI)
- Federal Housing Assistance or Section 8
- Low Income Home Energy Assistance Program (LIHEAP)

For information about Lifeline Service or any other telephone assistance programs, contact your Customer Contact Center at 1-800-201-4099.

Link-Up Program

Link-Up is a program to help households that cannot afford telephone service.

Link-Up provides reduced installation charges for telephone service. The program does not discount any other telephone services (such as monthly local service charges or custom calling services).

You are eligible for the Link-Up Program if you can prove that you currently receive services from any of the following assistance programs:

- Medicaid
- Food Stamps
- Supplemental Security Income (SSI)
- Federal Housing Assistance or Section 8
- Low Income Home Energy Assistance Program (LIHEAP)

For information about the Link-Up Program or any other telephone assistance programs, contact your Customer Contact Center at 1-800-201-4099.

Doing Business With US

Authorized Payment Agents

As an added convenience, CenturyTel has authorized selected banks in your area as payment agents for your telephone bill.

When paying your CenturyTel bill at an authorized payment agent, you must present your remittance portion of your bill with your payment. Authorized payment agents only accept payments in full and do not accept payments from disconnect notices.

If you have billing or service questions or would like to obtain a list of Authorized Payment Agents in your area, call CenturyTel at 1-800-201-4099.

Credit Cards Accepted

CenturyTel accepts Visa®, MasterCard®, Discover® and American Express® for payment of telephone bills and other special telephone services. Once customers enroll in the credit card payment plan, CenturyTel will debit telephone expenses from the customers credit card. The credit card account specified by the customer will be debited on a monthly basis. Customers may call a CenturyTel representative to sign up for the plan. All customers who choose the credit card payment plan will continue to receive a statement of telephone charges each month.

For more information on the CenturyTel credit card payment plan, call CenturyTel's Customer Contact Center at 1-800-201-4099.

Connect Check

Simply tell us which bank, savings and loan or credit union checking account you'd like to use to pay your telephone bill. Our accounting department will debit your designated account for the amount of your bill. You will still receive a complete telephone statement each month. You may stop payment on an entry charged to your account in the same way you would stop payment on a check.

Connect Check is the simple, convenient and money saving way to automatically pay your telephone bill each month at no additional cost to you. If you have questions or need more information about the Connect Check Plan, call 1-800-201-4099.

Your Telephone Bill

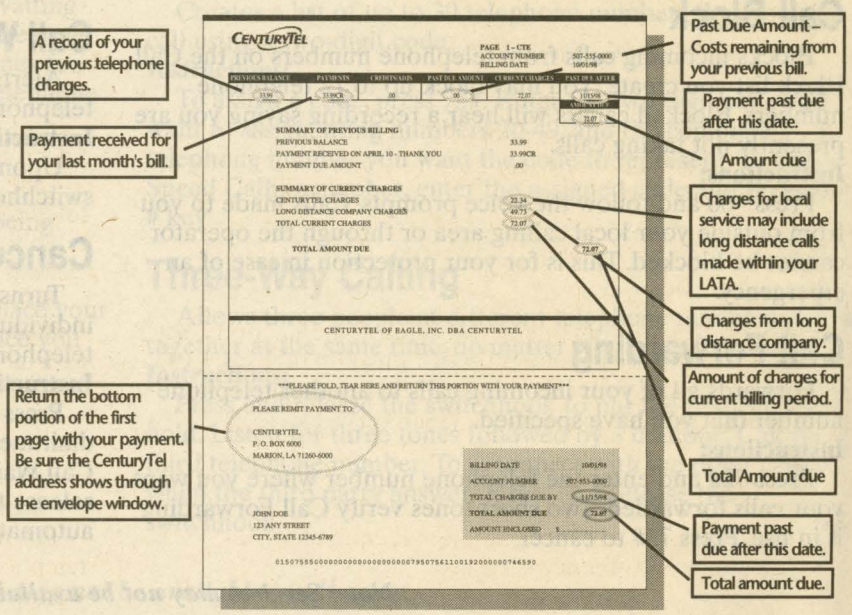
Your CenturyTel bill is divided into three sections. The first page, which is shown below, is a summary page. This is where you'll find your previous balance, past due amount, your total of CenturyTel charges and your total long distance charges. The primary items are in bold type or in a box for your viewing convenience.

The bottom portion of page 1, perforated for easy detachment, must be mailed with your payment each month in the return envelope provided in your bill. By returning this document, CenturyTel can process your payment quickly and accurately.

The back of page 1 contains important information about telephone regulations that affect you, as well as any special promotions or discounts of new products and services.

The next several pages show individual monthly charges for local service, federal subscriber line charges, applicable taxes and other recurring charges for non-regulated services such as WireWatch or leased telephones. Also included are itemized charges for long distance calls made within your LATA (Local Access Transport Area), depending on the long distance carrier you have selected.

The last pages of your bill include itemized calls placed to areas outside your LATA, calling plan charges, other applicable taxes and the total of all charges within this section. In this section you'll also find an easy-to-read breakdown of the time, date, location, type and rate of each call. A breakdown of long distance charges is listed only if CenturyTel handles billing for your long distance company(ies). If we do not handle billing for your long distance company, you will receive a separate bill from that company.



A record of your previous telephone charges.
Payment received for your last month's bill.
Return the bottom portion of the first page with your payment. Be sure the CenturyTel address shows through the envelope window.
Past Due Amount – Costs remaining from your previous bill.
Payment past due after this date.

Calling Features and Services

The following Calling Features and Services are available for an additional monthly charge. Call our Customer Contact Center for more information.

Anonymous Call Block

Blocks calls from people who have activated either the Selective Blocking or Complete Blocking feature, which prevents their name and/or number from being displayed on a Caller ID device.

Instructions:

Press *77 to use this service. Blocked callers will hear a message instructing them to hang up, remove their blocking and call again. Press *87 to cancel this feature.

Busy Redial - *66

Monitors busy telephone numbers for 30 minutes, alerting you with a special ring when your call is ready.

Instructions:

Press *66 to use this service. It is available as a pay-per-use feature in some areas, or for a low monthly charge.

Call Return - *69

Dials the telephone number of the last call you received. If the number is busy, this feature will place your call next in line and will alert you by ringing you back when the number is no longer busy.

Instructions:

Press *69 to use this service. It is available as a pay-per-use feature in some areas, or for a low monthly charge.

Call Block

Blocks incoming calls from telephone numbers on the Call Block list you create. You may block up to 12 telephone numbers. Blocked callers will hear a recording saying you are presently not taking calls.

Instructions:

Press *60 and follow the voice prompts. Calls made to you from outside your local calling area or through the operator cannot be blocked. This is for your protection in case of an emergency.

Call Forwarding

Forwards all of your incoming calls to another telephone number that you have specified.

Instructions:

Press 72# and enter the telephone number where you want your calls forwarded. Two short tones verify Call Forwarding is in use. Press 73# to cancel.

Call Forwarding - Busy

Allows you to forward incoming calls to a fixed number of your choice. Calls will forward when you are on the telephone.

Instructions:

Press 54# to use, and listen for two brief tones to confirm your selection is on. Press 55# to cancel.

Call Forwarding - No Answer

Allows you to forward incoming calls to a fixed number of your choice. Calls will forward when you are not available.

Instructions:

Press 52# to use, and listen for two brief tones to confirm your selection is on. Press 53# to cancel.

Special Call Forwarding

Forwards specific incoming calls to another telephone number.

Instructions:

Press *63. Follow the voice prompts.

Call Trace

Allows you to automatically trace threatening or harassing telephone calls from within your defined calling area.

Instructions:

Press *57. To take legal action, record the exact date and time of the call and contact the Telephone Company within 10 days to authorize the release of the number to law enforcement.

Call Waiting

Alerts you to another incoming call when you are on the telephone and lets you alternate between callers.

Instruction:

Upon hearing the Call Waiting tone, press and release the switchhook to answer the incoming call.

Cancel Call Waiting

Turns your Call Waiting feature off for the length of an individual call. Call Waiting automatically returns to your telephone at the end of your call.

Instructions:

Press *70, listen for three tones followed by a normal dialtone. Enter the telephone number you are calling. (Cancel Call Waiting can be used during a call in some areas. Press and release the switchhook and press *70. You will reconnect automatically to your call.)

Note: Services may not be available in all areas.

CALLING FEATURES AND SERVICES

Caller ID - Number

Displays the telephone number of an incoming call. The date and time of day each call was received is also displayed. Caller ID service requires a compatible display device that can be leased or purchased.

Caller ID - Name and Number

Displays the name and telephone number of an incoming call. The date and time of day each call was received is also displayed. Caller ID service requires a name and number compatible display device that can be leased or purchased.

Call Waiting ID

When you hear the Call Waiting signal, your Call Waiting ID compatible display unit will show the name and telephone number of the incoming call. You may decide whether to interrupt your call to talk to the caller or call back.

The date and time of day each call was received is also displayed. Call Waiting ID service requires a Call Waiting ID compatible display device or telephone.

NOTE: This equipment is different from a standard Caller ID device. Moreover, this service is only available in certain areas.

Distinctive Ring

Gives you two telephone numbers for one telephone line. Each number has its own special ring.

Great for teenagers or for working at home. Call Waiting will work the same with both numbers, but will use one tone for your primary telephone number and two short tones for the second number, so you will always know which telephone number incoming calls are for.

Selective Blocking

Prevents your name and telephone number from being displayed on Caller ID devices, one call at a time.

Instructions:

Press *67. Listen for one confirmation tone, then place your call. This service works on an individual call basis. Once you hang up, the blocking is no longer in effect.

Special Call Acceptance

Allows you to receive calls only from the numbers on your Special Call Acceptance list, up to 12 telephone numbers.

Instructions:

Press *64. Follow the voice prompts.

Complete Blocking

Prevents your name and telephone number from being displayed on Caller ID devices, each time you make a call. Your number will be displayed as "PRIVATE" or "ANONYMOUS".

Instructions:

Press *82 to turn off Complete Blocking. You can place your call even though you will not hear a dialtone. Your name and number will be available for this call only. When you hang up, your Complete Blocking service will be automatically restored.

Speed Calling 8

Creates a list of up to 8 telephone numbers that you can call using a one-digit code.

Instructions:

To assign a code, press 74#. Enter the one-digit code you want to assign, using numbers 2-9, and the complete telephone number you want the code to represent. To call a Speed Calling number, enter the assigned code and press the # key.

Speed Calling 30

Creates a list of up to 30 telephone numbers that you can call using a two-digit code.

Instructions:

To assign a code, press 75#. Enter the two-digit code you want to assign, using numbers 20-49, and the complete telephone number you want the code to represent. To call a Speed Calling number, enter the assigned code and press the # key.

Three-Way Calling

Allows three people at different telephone numbers to talk together at the same time, no matter who placed the call.

Instructions:

Press and release the switchhook to put the first caller on hold. Listen for three tones followed by a dialtone. Call the third telephone number. To reconnect with the other caller when the third party answers, press and release the switchhook.

Note: Services may not be available in all areas.

CALLING FEATURES AND SERVICES

Voice Mail

If you're away from your home or on the telephone, CenturyTel Voice Mail allows incoming calls to be answered with your own personal recorded greeting. You can retrieve your message, any time, from anywhere using only a Touch-tone telephone and a personal password. These messages can be stored with the date and time received then retrieved for future reference. Voice Mail is always there to take your messages - so you'll never miss another call.

How Does Voice Mail Work?

When you're unable to answer the telephone or are on another call, Voice Mail will automatically take your calls and allow your callers to leave a message. After four rings, Voice Mail will answer the call. Your caller will hear a personalized greeting that you have recorded. You can change your greeting as often as you like. Voice Mail will store up to 30 new or saved messages for up to 14 days.

How To Set Up Your Mailbox

If you have subscribed to Voice Mail, the following instructions must be followed to set up your mailbox.

You must set up your mailbox the first time you use it. Otherwise, people will not hear your personal greeting and won't be able to leave you messages. Setting up your mailbox is simple. Just follow the easy steps below:

1. Call the Voice Mail system number **(501) 858-7008.** (If you are calling from the line on which Voice Mail was installed, skip to step 4.)
2. When the voice prompt asks if you have a mailbox on the system, press press the # key.
3. Enter your mailbox number. (Your mailbox number is your ten-digit telephone number. Your area code is not necessary.)
4. When you hear the voice prompt, enter your temporary password: C-E-N-T-U-R-Y (2368879) (The temporary password simply gets you into the Voice Mail system. Your next step will be to create your own password, which you will use from now on).
5. Follow the voice prompts to create your own personal password. Your personal password can be between 4 and 15 digits and cannot begin with the number "0". From now on, you will use this personal password to access Voice Mail. NOTE: Select a password that is easy for you to remember but hard for others to guess. If your password is lost, no one can retrieve your messages–not even the telephone company.
6. Following the voice prompts, record your name. This recording will be used by the Voice Mail system to let callers know whose number they have reached.
7. Finally, record your personal greeting. EXAMPLE: "Hello, this is the Smith residence. We can't come to the phone right now, but if you'll leave your name, phone number, and a brief message after the tone, we'll return your call as soon as possible."
8. Congratulations! You've set up your mailbox and can now begin enjoying Voice Mail.

How To Access Your Voice Mail Service

At Home:

- Lift your handset.
- If you hear the distinctive stuttered dialtone, you have messages. (Some telephones have a message waiting indicator light that flashes when you have messages.)
- Call the Voice Mail system **(501) 858-7008.**
- Enter your password.
- Press **1** to listen to your messages. Voice Mail will play new messages first, then saved messages.

Away From Your Home:

- Dial the Voice Mail system number **(501) 858-7008.**
- Press the **#** key.
- Enter your mailbox number (your ten-digit telephone number).
- Enter your password.
- Press **1** to listen to your messages. Voice Mail will play new messages first, then saved messages.

After listening to each message, you can:

- Press **9** to save the message.
- Press **7** to erase the message. (Once you erase a message, you cannot get it back.)
- Press **4** to replay the message.

Note: Services may not be available in all areas.

CALLING FEATURES AND SERVICES

Voice Mail Listening Features

While you are listening to a message, you can press:

1 to rewind 10 seconds
11 to rewind to the beginning of the message
2 to pause, press **2** again to restart the message
3 to fast forward 10 seconds
33 to fast forward to the end
4 to play the message slower
6 to play the message faster
9 to play the message louder
8 to return the volume to normal
5 to find out the date and time the message was recorded
to skip the message
***** to stop reviewing messages

How To Change Your Password

It's a good idea to change your password periodically to prevent others from accessing your mailbox. Changing it is easy. Just follow these steps:

- Dial the Voice Mail system number.
- When you hear your name, enter your personal password. You are now in the Main Menu.
- Press **4** to enter the Personal Options Menu.
- Press **2** to enter Administrative Options Menu.
- Press **1** to access the Passwords Menu.
- Finally, press **5** for Personal Passwords.
- Follow the voice prompts in Personal Passwords to change your personal password. (Remember that your personal password can be between 4 and 15 digits and cannot begin with the number "0".)

How To Change Your Personal Greeting

You may change your personal greeting as often as you like. Remember to keep it brief. To protect your privacy and security, don't tell your callers you are not at home or that you are out of town. To change your greeting, follow these steps:

- Dial the Voice Mail system number.
- When you hear your name, enter your personal password. You are now in the Main Menu.
- Press **4** to enter the Personal Options Menu.
- Press **3** to access the Greetings Menu.
- Follow the voice prompts to change your recorded name or personal greeting.

Digital Subscriber Line (DSL)

DSL is a broadband communication technology that creates high-speed access to the Internet and remote networks using the telephone lines that are already present in your home or business. With DSL you can talk on the telephone and use the Internet at the same time on a single telephone line. Your home has its own dedicated connection, which is always on, highly reliable, and highly secure. In addition, you do not have to disable call waiting to connect to the Internet. Call toll-free 1-877-SURF-CTL (877-787-3285) to order DSL for your home or business, or visit www.centurytel.net and click on 'service info'.

E-Commerce and Web Hosting

CenturyTel offers Web hosting, Web design services specializing in small to medium size businesses, to help companies achieve success on-line. For additional information call toll-free 1-888-782-1227.

CenturyTel Internet Service

Internet service from CenturyTel is your passport to the unending information on the World Wide Web. CenturyTel's toll-free access to the Internet means that you can read, research, roam around and download files without worrying about long distance charges. All you pay at the end of the month is your actual usage fee. CenturyTel Internet service provides e-mail, (FTP) File Transfer Protocol, Hypertext, Newsgroups and many other tools you'll soon rely on. For more information, contact your CenturyTel Contact Center. Visit us on the Internet at www.centurytel.net.

Global Roaming Access

Global Roaming allows you to use local dial-up numbers around the world to access your CenturyTel account economically. Log on to www.centurytel.net to find out how to begin using this feature when you are traveling.

Note: Services may not be available in all areas.

Local Calling

To make a local call you don't need to dial "1" + the area code. Simply dial the seven-digit telephone number. Your local (toll-free) calling area includes all the customers in your exchange plus the exchanges listed in chart above.

Money Saving Tips

Dial Direct

Calls made without operator assistance are the most economical. Simply dial the call and you will be charged the appropriate rate.

Take Your Phone Book With You When You Move

It'll save you lots of time when you want to call back friends or business associates you left behind–you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

479 Area Code Information

The new 479 area code becomes effective on January 19, 2002 for Northwest and Western Arkansas. This date marks the beginning of a transitional period allowing you to make a call by dialing either area code 479 or 501. Starting July 20, 2002, you will be required to dial the new area code 479 to make calls in the affected area. All customers in the telephone exchanges served by this telephone directory are affected by this new area code.

This transitional period will allow sufficient time to reprogram equipment with stored telephone numbers, reprint materials, change advertising materials, notify business/personal contacts, etc.

Area Code Map

Area code 479 becomes effective January 19, 2002. Both 501 and 479 may be dialed until July 20, 2002

CENTURYTEL

Optional Calling Plans

New Calling Solutions

CenturyTel gives you more options to help manage your voice and internet needs.

- If you currently use fewer than 500 minutes per month, you will not need to change your current plan. Please review your past month's bill to help you decide.
- For those whose monthly usage exceeds 500 minutes, we've created the following new rate plans that offer more minutes and expanded calling areas. You choose the plan that's right for you.

Extended Community Saver Plans

These plans allow you to call one of two designated communities. Call 1-800-201-4099 for your designated communities.

Plan	Monthly Rate Residence	Monthly Rate Business	Minutes Per Month	Additional Rate Per Minute
Block of Time	$ 2.70	$ 2.70	60	$.08
ECC 8	16.20	18.00	500	.08
ECC 14	33.60	33.60	840	.08
ECC 20	48.00	48.00	1,200	.08
ECC 40	96.00	96.00	2,400	.08

Community Calling Unlimited Add-On

Unlimited calling to communities within a select CenturyTel cluster when you choose one of the Extended Community Saver Plans. Call 1-800-201-4099 for a list of communities in your clusters.

Plan	Monthly Rate Residence	Monthly Rate Business	Minutes Per Month	Additional Rate Per Minute
Community Calling Unlimited	$10.00	$10.00	Unlimited	None

Circle Saver Plans

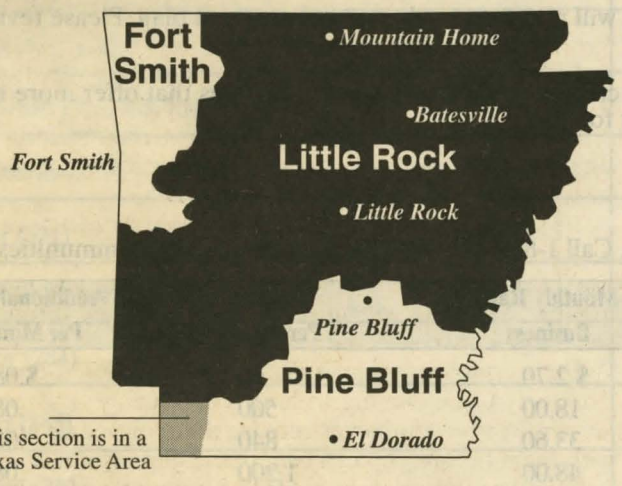
These plans allow you to call any community within a 41 mile radius of your calling area within your LATA

Plan	Monthly Rate Residence	Monthly Rate Business	Minutes Per Month	Additional Rate Per Minute
Circle Saver-Ft. Smith LATA*	$19.95	—	500	$.08
Circle Saver-Ft. Smith LATA*	—	$34.95	875	.08
Circle Saver 1	6.00	6.00	60	.10
Circle Saver 8	19.95	19.95	500	.08
Cirlce Saver 14	33.60	33.60	840	.08
Circle Saver 20	48.00	48.00	1,200	.08
Circle Saver 40	96.00	96.00	2,400	.08

* These plans are only available in the Fort Smith LATA. Please refer to page 12 for LATA boundaries.

Long Distance Calling

Arkansas LATA Map



Long Distance Calling Zones

1. What is a LATA?
   LATA (Local Access Transport Area) is a geographic area within the local telephone company that provides local and long distance service, plus access to the telephone network.

2. Why do we have LATAs?
   With the divestiture of the Bell Operating Companies and the separation of exchange and interexchange telecommunications function, guidelines were established for LATAs.

3. How many LATAs are there?
   Arkansas is divided into 3 calling areas or LATAs. They are Little Rock, Pine Bluff and Fort Smith. (see map)

4. What LATA do I live in?
   The subscribers in this directory fall into the Little Rock LATA.

5. What is an Intra-lata call?
   An intra-lata call is a call made within your calling area. For example: a call made from Russellville to Mountain Home would be an intra-lata call.

6. What is an Inter-lata call?
   An inter-lata call is a call made outside your calling area. For example: a call made from Russellville to El Dorado would be an inter-lata call.

Long Distance Rates

Rates for long distance calls are based on the length of the call and on the time of day when the call is placed. Charges start at the rates that are in effect at the time your call is connected. The rates will change if the call continues into a new time period. Discounts are usually applied to calls made in the evening, at night, and on weekends.

Check with your long distance provider for its standard charges, discounts and holiday rates.

Holiday Discounts

Generally, evening rates apply all day for out-of-state calls on Martin Luther King Day, President's Day, Memorial Day, Columbus Day and Veteran's Day. Evening rates apply for all calls on New Year's Day, July 4th, Labor Day, Thanksgiving Day and Christmas Day. This discount applies to the actual holiday and Friday or Monday observed legal holidays. Check with your long distance carrier for rates.

LONG DISTANCE CALLING

Operator Assisted Calls

Within your area code:
0 + your area code + 7-digit number
Outside your area code:
0 + area code + 7-digit number

Direct Dialing

Within your area code:
1 + your area code + 7-digit number
Outside your area code:
1 + area code + 7-digit number

Directory Assistance

- Local and in-state directory assistance can be reached by dialing 1 + 411 or 1 + 555-1212.
- Directory assistance for another state may be reached by dialing 1+ area code + 555-1212.
- To reach directory assistance for toll-free numbers, dial 1 + 800 + 555-1212.

Charges may apply for directory assistance calls. Directory assistance charges are subject to change without notice.

Toll-Free Dialing

Always dial:

1 + 800 + 7-digit number
or
1 + 888 + 7-digit number
or
1 + 877 + 7-digit number

If you experience problems in dialing a toll-free number, dial "0" to reach an operator for assistance.

Payphone Dialing

Calling procedures for payphones vary. Users should check the instructions posted on each telephone.

Using Services of Another Long Distance Carrier - Company Code Dialing

Many long distance companies feature a variety of special rates depending on the distance, time of day and other factors of a call.

Even though you have chosen a preferred 1+ long distance carrier, you do not necessarily have to use their services. Instead, you can use Company Code Dialing.

To use Company Code Dialing simply dial 1010 and the three-digit code of the long distance company you wish to use. Then dial 1+ or 0+ the area code and the telephone number. Your call will automatically be routed through the carrier you have selected.

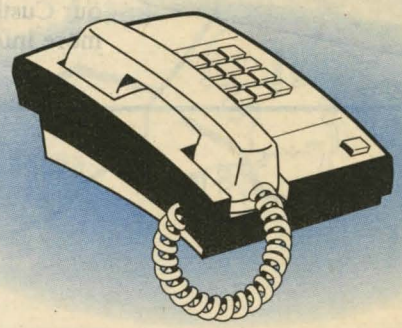
Some equal access long distance companies accept Company Code Dialing without a previously arranged account. Some companies require that you set up an account with them before you can use their company code.

For more information regarding company code dialing, check directory assistance for the number of the company you're specifically interested in or consult the yellow pages under "Telephone Companies".

Choosing a Long Distance Company - Equal Access

Our customers have equal access - the option of selecting a preferred long distance company for their 1 + and 0 + calls inside and outside their LATA.

Customers have one free choice of a preferred long distance carrier company. After customers have made their choices, there will be a charge for each subsequent change



LONG DISTANCE CALLING

Types of Calls

Station-to-Station–Call station-to-station if you wish to talk with anyone who answers. Rates are lower than calling person-to-person. Charging begins when the called telephone answers.

Calls to Telephones with Automatic Answering Sets–Long distance charges apply. Charging begins when the called telephone is answered, in person or by an automatic answering set.

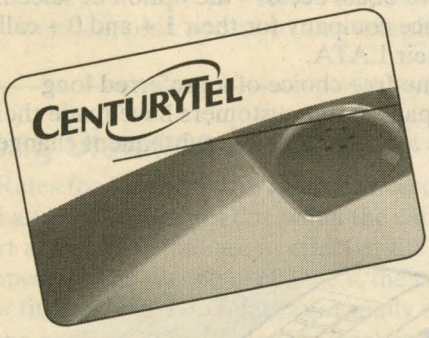
Person-to-Person–Call person-to-person when you wish to talk to a particular person or an extension telephone. Tell the operator you wish to make a "person-to-person" call. Rates are higher than station-to-station.

Conference–You can talk with several people in different places at the same time. Tell the operator you wish to make a "conference" call.

Collect–You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the operator when you place the call.

Calling Card Calls–Customers who have telephone calling cards may place calls and charge them to their calling card numbers. These calls may require operator assistance to record the calling card number and may be station-to-station or person-to-person. Customers may apply for a calling card by calling their Customer Contact Center.

Mobile Calls–Air-Land-Marine–You can make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask the operator for the Mobile Service Operator or the Marine Operator.



CenturyTel Calling Cards

CenturyTel offers calling cards to all CenturyTel customers at no charge. With this card, you can enjoy the convenience of an 800 number that provides access to telephone service when you are away from home. Call our Customer Contact Center for more information.

Overseas Calls–You can call practically any telephone in the world from your telephone. You may dial direct or tell the operator you wish to place an overseas call and give the name of the country you are calling.

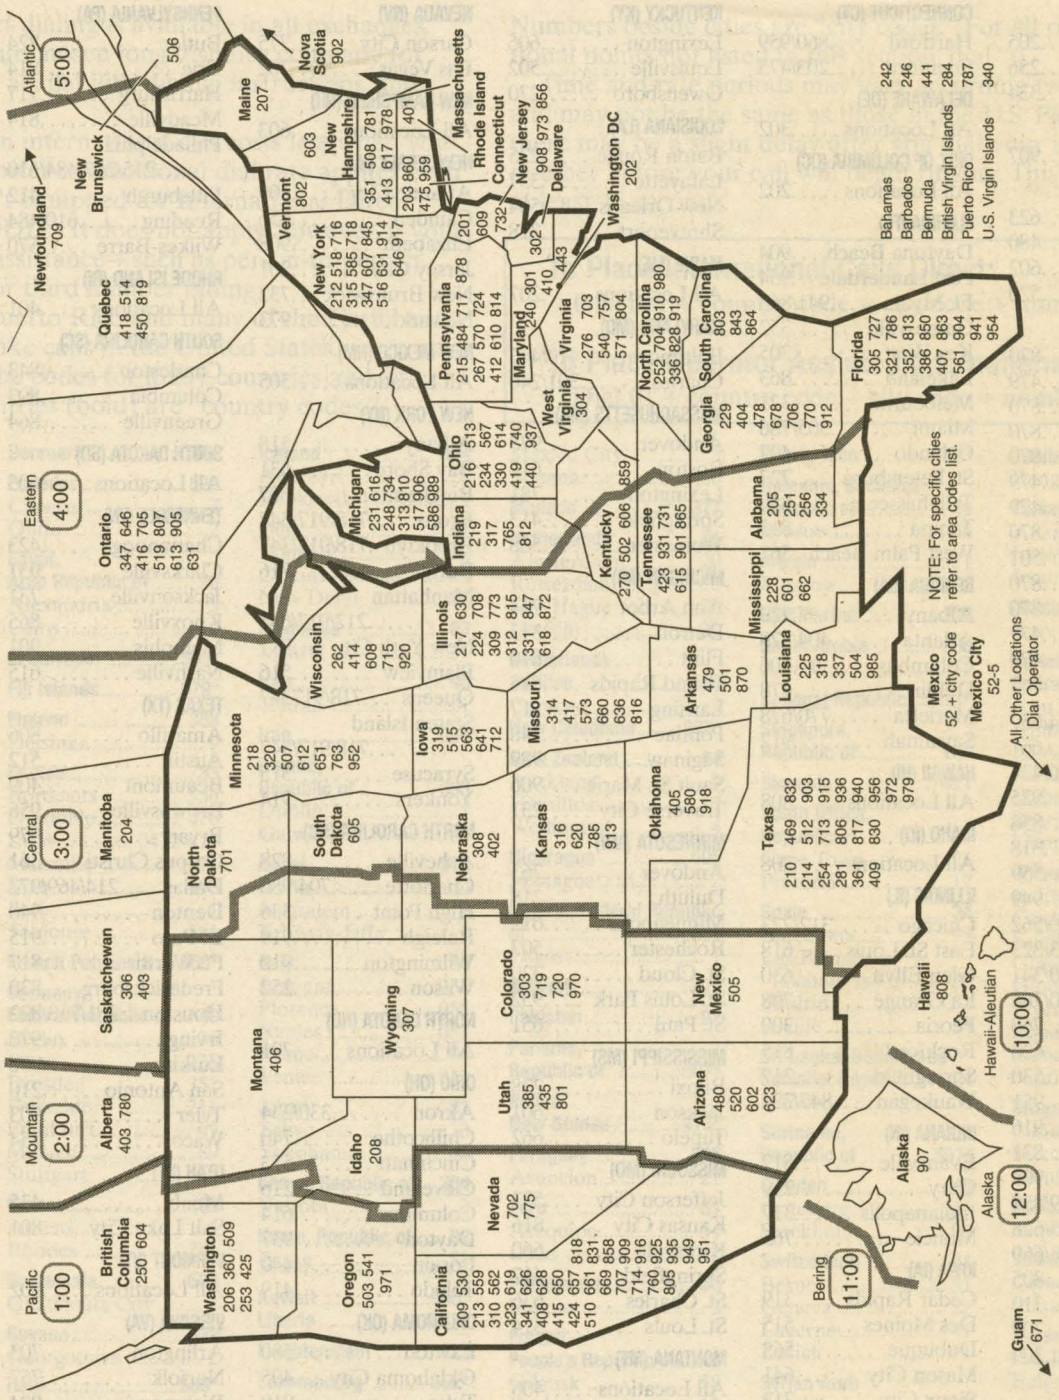
Station-to-station service is available to certain overseas points. Reduced rates apply on calls to many points during certain night hours and/or Sundays.

Wide Area Telecommunications Service (Inward Wats)–Station-to-station long distance calls may be made, without a charge to you, to those customers who have wide area telecommunications service. They offer this service to their customers calling from specific locations. Dial "1" plus "800/888/877/866" plus the special numbers of customers having this service. To reach information for WATS numbers call 1-800-555-1212.

Bill to Third Number–Customers may place calls and transfer the charge to another telephone. This requires operator assistance to record the number to be billed. If made from a public telephone, this type of call must be authorized by someone at the billed number. The call may be either station-to-station or person-to-person.

Time and Charges–Customers, when placing calls, may request from the operator the amount of time and the charge for the call. This service requires operator assistance. The call may be either station-to-station or person-to-person.

AREA CODES AND TIME ZONES



Area Codes

Area codes and state abbreviations are listed on the following page. If the city you want to call is not listed, dial the operator and ask for the area code. Time zone boundries show approximate divisions only.

CENTURYTEL

INTERNATIONAL CALLING

International direct dialing is available in all exchanges. Please check with your chosen long distance company for specific international availability, dialing instructions, and rate information.

A station-to-station international call costs less when you dial it yourself. The lower international dial rate applies even if your telephone isn't equipped for International Direct Distance Dialing (IDDD). It does not apply, however, if your call requires special assistance—such as person-to-person, collect, calling card, or third number billing.

Calls to Canada, Puerto Rico and many of the Caribbean countries are dialed like calls in the United States.

Listed below are the codes for many countries and cities. Numbers beside countries (bold) are "country codes." Numbers beside cities are "city codes." For all other international points not listed in this section, dial "0."

Time and rate periods may vary according to the country and may not be the same as those in the U.S. Please note that there may be a slight delay after you dial your international number before your call will begin ringing. This delay may be at least 45 seconds.

To Place International Calls Direct:
Dial 011 + country code + city code + number

To Place Operator Assisted International Calls:
Dial 01 + country code + city code + number

CUSTOMER RIGHTS & RESPONSIBILITIES

Serious Medical Condition

The Company will postpone the discontinuation of service to a residential customer, up to 30 days, if the customer presents a certificate from a physician stating that discontinuation of service will cause substantial risk of death or gravely impair the health of the customer, a member of the customer's family, or other permanent resident of the premises where service is rendered. The contents of the certificate must identify the medical condition, specify the effect of discontinuation of service, and specify the time during which discontinuation of service will aggravate the medical emergency. This certificate must be presented to the utility within 7 days. During the period that discontinuation of service is delayed, the residential customer shall be liable for all service rendered by the utility.

Rates

All rates for service are on file with the Arkansas Public Service Commission and are available to our customers on request at our Customer Contact Center. The monthly rates for basic service, in the Base Rate Area, are as follows:

Location	Residential	Business
Atkins	$12.15	$20.15
Centerville	10.75	18.75
Clarksville	10.75	18.75
Dardanelle	10.10	18.10
Dover	12.15	20.15
Hartman	10.75	18.75
Hector	12.15	20.15
Lamar	10.75	18.75
London	12.15	20.15
Russellville	10.75	18.75
Salus	10.75	18.75

Billing Procedures

Bills will be rendered regularly and will show the essential facts upon which the bill is based. Each bill shall contain the following information:
(Rule 5.01.)

A. Name and telephone number or identifying number under which service is billed.
B. The beginning and ending dates of the billing period.
C. The net amount of all payments and other credits made to the account during the billing period.
D. Any previous balance due.
E. The amount of any "late payment charge" and an explanation of when it will apply.
F. The date the bill was mailed.
G. The date the bill is due.
H. A list of all charges or credits; including
   (1) Deposit installments
   (2) Deposit refunds
   (3) Automatic adjustments
   (4) Customer or minimum charges
   (5) Taxes, listed by kind
   (6) Charges for other utility service
   (7) Charges for non-utility merchandise, service or equipment
   (8) Basic service
   (9) Federal end user common line charge
   (10) Equipment
   (11) Custom calling services
I. If a LEC uses industry-specific abbreviations for terms that explain the billing, it shall identify them on the bill.
J. A statement that the customer may contact the LEC about any problem with billing or service, or for a delayed payment agreement. The statement shall include an address and a telephone number where customers can call the LEC without charge.

A bill rendered by mail shall not be mailed later than the date indicated on the bill. The due date of the bill shall be fourteen (14) calendar days after the date the bill is mailed.

Any unpaid accounts as of the due date of the bill will be mailed a "Shut-Off" notice. This notice will allow five (5) additional days to pay the delinquent account prior to suspension of service.

Suspension of service may be delayed when a "Serious Medical Condition" exists or when a "Delayed Payment Agreement" has been entered into with the Company. These options are available through the Customer Contact Center.

When service has been discontinued, the Company will reconnect service as soon as the reason for the discontinuation of service has been resolved. If the reason of the suspension of service was unauthorized use of the service, the Company may discontinue service without notice. The utility may, prior to reconnecting service, require a reasonable payment of estimated service rendered or may refuse to reconnect service until ordered by the Commission.

If a customer's service is disconnected due to non-payment and payment is subsequently received within seven (7) days from the date of disconnect, the service will be reconnected and a reconnect charge may apply. If payment is not received within seven (7) working days of disconnect, the customer's service will be permanently removed and the customer will need to reapply before service will be connected. A deposit and/or installation charges will apply.

Customer Rights & Responsibilities

Care of Equipment

The Telephone Company equipment, apparatus, and lines furnished shall be carefully used and cared for by the subscriber and shall be surrendered to the Telephone Company upon termination of the subscriber's right of use in as good condition as when received, ordinary wear and tear alone excepted. All ordinary expense of maintenance and repair of Telephone Company owned equipment other than inside wiring, or unless otherwise specified in the Telephone Company's tariffs or in the contract for the use of the equipment, will be borne by the Telephone Company. In case of damage to, or destruction of any of the said equipment, due to negligence of the subscriber, the subscriber shall pay either the cost of replacing the equipment or the cost of restoring the equipment to its original condition.

Defacement of Premises

No liability shall attach to the Telephone Company by reason of any defacement or damages to the subscriber's premises resulting from placing the Company's instruments, apparatus and associated wiring on such premises, or by removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.

Tampering with Equipment

The Telephone Company may refuse or deny to furnish telephone service to any person, firm or corporation on whose premises is located any telephone equipment owned by the Telephone Company which shows any evidence of tampering, manipulation, or operation or use of any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

Ownership & Use of Equipment

Directories, equipment, instruments and lines furnished by the Telephone Company in the premises of a subscriber are the property of the Telephone Company. The company's agents and employees, upon producing proper identification, shall have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, maintaining or repairing the equipment, etc.

Application of Business Rates

Business Rates apply at a residence location when the customer has no regular business telephone service and the use of the service by himself, members of his household, or his guests is more of a business than residential nature as might be indicated by advertising through newspapers, hand-bills, billboards, circulars, business cards or otherwise.

Toll Charges

All subscribers will be held responsible and accountable for the toll charges over their respective telephones. If you question a toll call, please call 1-800-201-4099 (residential) or 1-800-201-4102 (business).

Default of Payment or Other Violation of Regulations

Charges for exchange service and facilities are due in advance. Charges for rent and long distance services are due when the bill for such service is rendered. All bills are payable by mail or at the Telephone Company's Greeter Station. Failure to receive a bill does not exempt the subscriber from prompt payment of his account. The subscriber is held responsible for all charges for exchange service and facilities furnished at his request, and for all long distance service furnished at his station or stations, including charges for toll messages received at his station or stations on which the charges have been reversed. In the event of default of payment of any sum for either exchange or toll service or both, the use of foul or profane language, the impersonation of any other person with fraudulent intent, or any other violation of the Telephone Company's regulations, the Telephone Company may suspend service.

Allowance for Failure of Service

The Telephone Company does not guarantee uninterrupted working of its lines and equipment. In case service is interrupted other than by negligence or willful act of the subscriber, an adjustment will be made in the amount of charges for such service, equipment and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond twenty-four (24) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company. This failure of service applies only to local service within the subscriber's own exchange and does not apply to outages of toll lines or extended area service lines.

Use of Equipment and Service by Subscriber

Telephone Company equipment and service are furnished to subscribers for use only by the subscriber, his family, guests or persons residing with him as members of his household, persons leasing or subleasing his residence during his temporary absence from such premises, or by his employees or representatives when engaged in business, except as the use is extended to others under the established regulations governing semi-public telephone service, and except as the use of service may be extended to joint users under the established regulations governing joint user service.

Customer Rights & Responsibilities

Outgoing and Incoming Service Privileges

The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of a calling subscriber to such service.

Subscribers Are Responsible For All Toll Calls From Their Telephone

To obtain the distant area code:

Area Codes for some cities are on pages 15-16. If the place you want is not listed, dial "OPERATOR". (There may be a charge for this service.)

If you reach a wrong number:

Dial "OPERATOR" immediately and tell her/him what happened. He/she will make sure you aren't charged for the call.

You will not be charged:

If you hang up before you dial the complete number or if the telephone number you dial is busy or does not answer.

To reach WATS directory assistance:

Dial 1 (or proper access code) + 800-555-1212.

If you need assistance:

Dial "OPERATOR". He/she will be glad to help you.

If you have trouble with your call, hang up. Immediately dial the operator and he/she will take steps to correct the difficulty.

Deposit Requirements

A deposit may be required from new applicants for service to guarantee payment for the service. If desired, the deposit may be paid in two equal installments. In lieu of a deposit, the Company will accept the written guarantee of another qualified customer.

The amount of a deposit will not usually exceed the estimated bill for two average billing periods. Interest on deposits is credited to customer's accounts in January for the preceding year.

For existing customers a deposit will be required or increased if any of the following conditions occur during the preceding twelve (12) months:

1. Service is suspended for failure to pay; or
2. Two (2) insufficient fund checks have been rendered to the Company; or
3. The customer's account has become delinquent two (2) times in a row or any three (3) times in the last twelve (12) months.

When final discontinuation of service is made by the Company, the amount of the deposit, plus accrued interest, will be credited to the customer's account. A deposit shall automatically be refunded if a customer has for a consecutive twelve (12) month period, paid all bills prior to the due date and rendered no check that was dishonored for reasons other than bank error.

Extended Due Date Policy

The Company offers to customers an extended due date for payment of their bills. This enables qualifying customers to extend the due date of their bill to coincide with or follow the customer's receipt of income. For more information or to apply for the Company's Extended Due Date, contact your customer service representative.

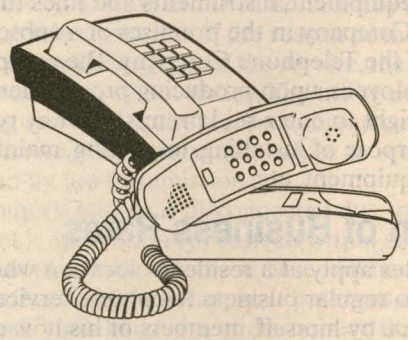
Procedures to Avoid Discontinuation of Service During Extended Period of Absence

If you will be absent during billing periods and wish to avoid discontinuation of service, call the Customer Contact Center of the Company. The Company will arrange for prepayment of the account or enter into a vacation rate, if available.

The customer can arrange to have bills coming due during a period of absence mailed to an alternate address or third party during their absence.

Customer's may also enroll in our automatic bank draft program. (see page 5 for more details)

The Company will permit a residential customer to designate a consenting individual or agency to receive all copies of notices of discontinuation given by the Company to the customer. Notice to a third party of discontinuation of service shall be given in addition to notice to the customer.



Customer Rights & Responsibilities

Special Disconnection provisions For Customers 65 and Older or Handicapped

To ensure protection of customers 65 and older and handicapped customers, the Company will take the following steps:

A. Attempt to identify eligible households.
B. Company personnel will contact by telephone or in person to arrange installment or deferred payment of any delinquency.
C. Notify customer of right to third-party notice before termination or service.
D. Provide assistance to customers wishing to make arrangements with service agencies for payment of telephone service.
E. Provide assistance to customers wishing to make arrangements with service agencies for payment of telephone service.

Customer Inquiries

A customer may verify the accuracy of a bill by calling the Customer Contact Center. Our representatives are trained to handle customer inquiries promptly. Please contact our service representative and state your complaint. If you have a suggestion for resolving the complaint, please state it. Write down the name of the person to whom you talked.

If your complaint is not handled to your satisfaction, you may appeal to the service representative's supervisor.

If you are dissatisfied with the results of your complaint you may contact the Arkansas Public Service Commission. The toll-free number is 1-800-482-1164 (Little Rock 682-1718) or write to 1000 Center Street, P.O.Box 400, Little Rock, AR 72203-0400.

Delayed Payment

If you are unable to pay a bill in full, the Company will not discontinue service if:

1. You pay a reasonable portion of your bill; and
2. You agree in writing to pay the balance of your bill in reasonable installments; and
3. You agree in writing to pay in full all future bills during the period of the agreement by due date.

In arranging the installment payment agreement, the Company will consider the customer's ability to pay, the size of the unpaid account, the customer's payment history, and the length of time and reasons the account has not been paid.

The Company may not require more than 1/4 of the overdue bill as the down payment in order to enter into a delayed payment agreement. The Company shall allow the customer to make equal installment payments for at least three months from the date of the down payment. The down payment shall not be considered an installment payment.

The Company does not have to enter into a delayed payment agreement if the customer has failed to keep the terms of a delayed payment agreement in the last twelve months.

Service is subject to suspension if the terms of the agreement are not kept.

Law Concerning Misuse of Telephone Now in Effect

Act 107 of 1963 Leg.

AN ACT to prohibit use of telephone facilities or equipment to annoy, abuse, torment, harass or embarrass others, or for any obscene, lewd, lascivious, filthy or indecent statement; to provide penalties for violation of this act; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. IT SHALL be unlawful for any person to make use of telephone facilities or equipment (1) for an anonymous call or calls if in a manner reasonable to be expected to annoy, abuse, torment, harass or embarrass one or more persons, or (2) for repeated calls, if such calls are not for a lawful business purpose but are made with intent to abuse, torment, harass or embarrass one or more persons, or (3) for any comment, request, suggestion or proposal which is obscene, lewd, lascivious, filthy, or indecent.

SECTION 2. Any person violating any of the provisions of Section 1 of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not more than one thousand dollars ($1,000) or to imprisonment for not more than one year, or both.

APPROVED: February 28, 1963

FEDERAL TAX

The Federal Revenue Act imposes a tax on charges for both local service and for long distance messages. The amount of these taxes and the rates imposed by law are included on your monthly statement.

STATE TAX

The State Revenue Act places a 4 1/2% tax on charges for both local service and long distance calls made within the state. The amount of these taxes and the rates imposed by law are included on your monthly statement.

Consumer Tips

Arkansas Relay Service

The Americans with Disabilities Act, signed into law in July, 1990, requires that all telecommunications utilities provide access to their services by Teletypewriters (TTY). To make a Voice to TTY or a TTY to Voice call, a Relay Service must be available. Specially trained personnel, known as Communication Assistants (CAs) act as a go-between and "relay" calls between deaf, hard of hearing, or speech impaired persons and the parties they call.

In order to avoid the necessity of each telephone utility establishing its own Relay Service, nationwide each state has chosen to set up a single statewide Relay Service. Each statewide service must be accessible toll-free from anywhere in the state, and must provide 100% confidential, professionally handled calls.

There is no extra charge for using Arkansas Relay Service (ARS), which is available 24 hours a day, 7 days a week. Charges for long distance calls are made at tariffed discount rates as if the call was a direct call.

Numbers to use for ARS are 7-1-1 or:

TTY Users 1-800-285-1131
Voice Users.....1-800-285-1121

Customer services for ARS may be contacted at:

TTY/Voice 1-800-285-7192

Do not call ARS for emergency help unless you cannot reach 9-1-1 or 9-1-1 is not available in your area.

Service for the Disabled

If you are blind or hearing impaired or know someone who has a physical disability causing telephone hardship, the Telephone Company can help. For more information about special equipment for the disabled, call our Customer Contact Center.

Control of Your Telephone

You have the responsibility of controlling who uses your telephone. A call made from your number and billed to a third party will be rebilled to your telephone number if the third party refuses to pay for the call.

Also, if you do not wish to accept a collect call, just tell the operator "no" when you are asked to accept the charges.

Emergency Calls

The Telephone Company assumes no liability in accepting, handling or transmitting fire, or other emergency calls.

Telephone Safety

Water: The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone handset in water could cause an electrical shock.

Electrical Storm: You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. Although the Telephone Company uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

Gas: If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

Teach Children to Dial "0" in Emergencies

Show your children how to use the telephone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home telephone number and encourage them always to call home if they're going to be late. Give them change to carry for emergency calls.

Recording Telephone Calls

It is illegal to record a telephone conversation without the consent of both parties prior to the recording of the conversation. Prior consent must be obtained in writing or be part of, and obtained at the start of the recording.

Out-of-Town Directories

Directories for other cities may be obtained at a reasonable fee by calling 1-800-423-2533.

Arkansas Public Service Commission Rules

The Arkansas Public Service Commission rules are available through each Business Office for public viewing or for copies.

Policy to Building Movers

Arrangements must be made no later than forty-eight (48)

CONSUMER TIPS

hours in advance with the Telephone Company.

Telephone Fraud

Charging long distance calls to a number other than your own or obtaining telephone service under a false name is illegal.

Handling Obscene or Harassing Calls

Making obscene telephone calls is a crime. If you receive calls, hang up at the first obscene word or if the caller doesn't say anything after two hellos. Never give your address or name until you know the identity of the caller. If calls continue, call the Telephone Company or the police department.

Employee Identification

Our employees carry identification cards. For your protection, please ask to see identification before admitting any service person into your home.

Telephone Sales Calls

Many national companies use telephone solicitation to reach a larger market. These telephone calls offer information about products and services you may want or need. If you want to reduce the number of at-home solicitation calls you receive from national companies, write to:

Telephone Preference Service
Direct Marketing Association
P.O. Box 9014
Farmingdale, NY 11735-9014

Check Your Directory

You can avoid directory assistance charges by looking up your own numbers in the directory. Also, jot down frequently

Call Before You Dig

Any person planning to excavate should contact the telephone company. To avoid delays, call us 72 hours before you dig and we'll locate any underground cable. Cable location services are absolutely free. Watch for this sign:

Underground telephone cables in this vicinity
CALL
1-800-482-8998
(no charge)

900 Pay-Per-Call Service

The following consumer rights for 900 Pay-Per-Call Service are provided under the Federal Telephone Disclosure and Dispute Resolution Act.

For billing error claims regarding 900 services charges:

- ✔ Call the number on your bill listed with the 900 service charges within 60 days of receiving the bill.
- ✔ Oral notification is sufficient to begin a billing review.
- ✔ Payment of disputed 900 service charges is not required during the review period.
- ✔ No action to collect disputed 900 service charges will be taken during the review period.

Written acknowledgment of your dispute must be provided to you within 40 days of receiving your notice if:

- ✔ The error has not been corrected or
- ✔ The billing review is not completed.

The billing review must be completed within 90 days and

- ✔ An explanation must be provided to you if the bill was correct or
- ✔ The error must be corrected.

If the bill was found to be correct:

- ✔ You have the right to request a written explanation.
- ✔ You should receive a written notice of the amount you owe and the payment due date.

If you fail to pay the amount that is owed, you may be reported as delinquent, but

- ✔ The name and address of any party to which you were reported for delinquency must be provided to you.
- ✔ If you do not agree with the explanation and if you so give notice before the payment due date, any delinquent report must state that you still dispute the charges.
- ✔ Any party receiving the delinquent report must also be advised in writing when the matter is settled.

If the above rules are not followed, the first $50 for each 900 service charge in question cannot be collected even if your bill was correct.

Collection of unpaid 900 service charges may be pursued by the Interexchange Carrier of Information Provider through an independent collection action. Non-payment of 900 service charges or charges for similar types of service will not result in disconnection of your local or long distance service. However, access to 900 numbers may be blocked for non-payment of legitimate charges.

You should not be billed for 900 services that are not offered in compliance with federal laws and regulations.

You may obtain blocking of 900 service at no charge by calling Customer Service at the number listed on your bill.

Consumer Tips

Installing Inside Wiring

Customers are responsible for the installation, maintenance and repair of all new and existing telephone wiring and jacks located within their premises. Inside wiring is the wire that connects the telephone company line to telephones. Generally the telephone company lines are connected with inside wiring in your premises at a point close to the telephone company protector, a voltage protection device. All inside wiring and jacks must meet certain technical standards.

Three options are available:

- Your telephone company will wire or install jacks in your home or office. If you are building or remodeling, we can install telephone wires before the walls are put up or wiring and jacks can be installed in finished locations. Call a service representative for more information about this service and what charges apply. (Please note that telephone company personnel will not enter a completed attic area.)
- Do it yourself. Special kits let you do it yourself. You can install new wiring or jacks or add wiring or jacks at your convenience. (See Technical Standard for Wiring and Standard Wiring Method on this page.)
- You can hire a contractor. If you prefer, you can hire a private contractor to do the work for you. Charges will be based on your agreement with the contractor.

Technical Standard for Wiring

Telephone wire carries both voice and data modulation. This is 22 or 24 AWG (gauge) unshielded wire.
Category 3- 4 - pair quad conductor wire, up to 16 MHz-premises with one telephone number, voice and low speed data.
Category 4 - Up to 20 MHz - Voice and medium speed data.
Category 5 - Up to 100 MHz - Voice and high speed data.

Standard Wiring Method

The direct star method is the standard used by the Telephone Company. In this process, wiring is done directly from the point of demarkation (protector) to the individual jacks within a room.

Other Inside Wiring

Inside wiring for semipublic telephone service may not be provided, changed or maintained by the customer.

The WireWatch maintenance plan is not available for inside wiring in leased facilities, multiple unit dwellings, or any recreational vehicle or camper.

You may choose to subscribe to the WireWatch Maintenance Plan or maintain your own wiring.

WireWatch Maintenance Plan

WireWatch maintenance contracts are available through the telephone company provided technical standards are met. (See Technical Standards and Standard Wiring Method on this page.)

If you subscribe to WireWatch, the Telephone Company will isolate any trouble within your home or business* to your inside wiring and jacks. A service technician will repair your inside wiring and jacks at no charge.

There is a small monthly charge for WireWatch. Call your service representative for details.

*Business customers with Key, PBX or other complex equipment or services are not covered by this repair plan but can be covered by other types of maintenance plans. For more information, call toll-free 1-800-201-4102.

Maintaining your Own Wiring

If you choose not to have a maintenance contract, the telephone company will perform maintenance and repairs on a time and materials basis. Call your service representative for additional information about this service.

The customer will be notified by the telephone company if the inside wire and/or jack that he is maintaining is in violation. The telephone company may disconnect the offending wire at the time the violation is discovered. The customer shall discontinue use or correct the violation and notify the company that the violation has been corrected within 10 days after receipt of the notice from the company. Failure to discontinue such use or to correct the violation will result in suspension or disconnection of service until the violation is corrected.

Rights & Responsibilities

Providing Your Own Equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide network. Customer owned equipment must be approved by the FCC. You are responsible for its proper connection, maintenance and repair. To assure that our customers are provided quality service and that they have access to the latest technologies, it is necessary that the Telephone Company replace old central office equipment with new state-of-the-art equipment on a programmed basis. When these changes are made, some customer owned equipment may not function properly. In these instances, it is the customer's responsibility to change out their equipment.

For additional information, please call your Customer Contact Center.

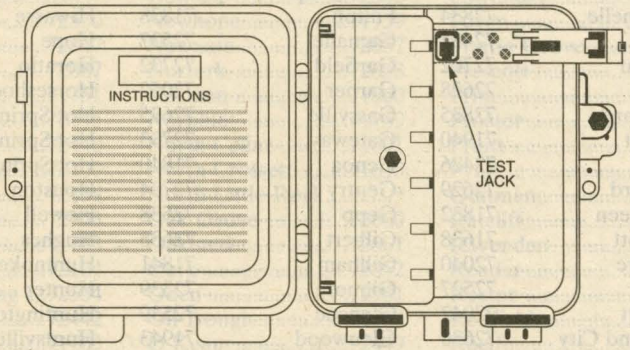
continued

CONSUMER TIPS

How To Tell Where The Problem Is

Try these simple tests to determine whether the problem is in your telephone or in the telephone lines.

For modular telephones: Unplug the telephone from the outlet and plug in a telephone that is working correctly. If the problem goes away, it is a problem with your telephone. If the problem continues, you can test the line by using the Network Interface Jack located where the telephone line enters your premises. Plug a working telephone directly into the test jack. If the telephone operates, there is a problem in the wiring. If the telephone does not operate, call CenturyTel Repair Service, 1-800-824-2877 to report the problem. If we make a repair service visit and find the problem is caused by your telephone equipment or your jack or inside wiring, if you don't have Wire Watch, there will be no charge for the FIRST visit to determine the cause is in your equipment. However, if an additional repair service visit(s) is made within a 12-month period from the first visit, and the problem is again found to be caused by your equipment, or your jack or inside wiring, if you don't have Wire Watch, a maintenance charge may apply for the visit. Repairs are done on a time and materials basis.



The Network Interface Jack is labeled on the cover and is similar to this diagram.

How to Connect and Disconnect Modular Telephones

If It Looks Like This	For Modular Connection You Need
 Permanently wired "connecting blocks" Telephone cannot be unplugged. Conversion to modular jack necessary.	A new modular jack.
Hardwired outlet plates. Usually located 10" above baseboard. Conversion to modular jack necessary.	 A new flush mount jack.
 Wall telephone hardwired to wall, necessary to remove instrument and place modular jack.	 A new wall jack.

EMERGENCY PREPAREDNESS

Emergency Procedures

Emergencies and disasters can occur anytime, anywhere. Some are primarily seasonal and allow for certain preparations, other occur without warning. Planning ahead and making provisions for your family's needs can make a big difference in your ability to cope with emergencies. Detailed information on emergency preparedness is available from the American Red Cross and city and county agencies.

Floods and Flash Floods

Floods claim an average of 263 lives every year. Flood waters only one foot deep can sweep you off your feet. If you live in a flood-prone area, it is important to be prepared in case flooding does occur. Determine your nearest safe area above flood waters. Develop an evacuation plan. Remember that many roads, bridges, and existing drainages may be swept away by flood waters.

A flood WARNING means flooding is occurring or will occur soon. **If the National Weather Service issues a flood WARNING for your area, you should:**

1. Turn off your utilities if your home is likely to be flooded.
2. Fill your car's gas tank.
3. Evacuate if you are told to do so. (See the following section on evacuation procedures.)

Flash floods are rapidly developing floods that can happen with little or no warning. Flash floods are most often caused by intense rainfall, severe thunderstorms, or breaks in a dam, levee, or dike. A flash flood WARNING means you may have only a very short time to escape. A flash flood can happen so rapidly that you may not even get a warning. **If the National Weather Service issues a flash flood WARNING for your area or if you suspect a flash flood is occurring, you should:**

1. Leave low-lying areas immediately.
2. If you are driving, stay away from creeks and open ditches. If your car stalls in rapidly rising waters, abandon it IMMEDIATELY and climb to higher ground. The rushing waters from floods and flash floods are extremely dangerous.

Remember:

1. Police barricades are there for your protection. DO NOT DRIVE AROUND THEM.
2. Flood waters covering roads and bridges have more force and power than you think.
3. Walking or driving through flood waters is the most dangerous thing you can do.

EVACUATION PROCEDURES

You will receive instructions to evacuate the area in one of the following ways:

1. The Emergency Alert System (EAS).
2. A uniformed agent of law enforcement or the fire service will contact you.
3. Mobile sirens, police, fire or other PA systems will be used to alert you.

Shelters will be available for residents who cannot stay with friends or relatives in other areas. The Red Cross has prearranged shelter sites throughout the community. If shelters need to be opened for emergency housing, listen to the EAS for the exact locations.

If there is time, take a moment to gather a few important items you may need. Do this as quickly as possible and leave as soon as you can.

IF YOU CAN, BRING THESE ITEMS WITH YOU:

1. Prescription drugs.
2. Food–if needed for a special diet.
3. Eyeglasses or contact lenses.
4. Change of clothing.
5. Personal items–toilet articles, documents, photo albums.
6. Bedding–sleeping bag, pillow, blankets.
7. Baby or child supplies–diapers, food, toys.
8. Money, credit cards, checks.
9. Proper identification.
10. Pets–provisions will be made for pets. They will stay in separate housing, but bring food if possible.

The information on the following pages is provided as a courtesy to the readers of this directory. CenturyTel assumes no liability for damages arising from the use of the information printed on these pages. In any emergency, contact your local authorities. Emergency numbers are printed in the front of this directory.

EMERGENCY PREPAREDNESS

Tornadoes

If you see or hear a tornado, seek shelter immediately. Bring a portable radio for news and weather updates. Lie flat and protect your head and eyes.

Here are some guidelines for seeking shelter:

In homes: Stay away from windows, doors, and outside walls. Go to the basement. If the house doesn't have a basement, go to a first-floor bathroom, closet, or another room at the center of the house. If possible, get under heavy furniture or cover your head with blankets or pillows.

In schools: Stay away from windows and large areas such as auditoriums and gymnasiums. Go to the basement. If there is no basement, go to a small interior room or a hallway on the lowest floor.

In public buildings: Stay away from windows. Don't go to your car. Go to a designated shelter area or to an interior hallway or a small room on the lowest floor.

In mobile homes: Get out immediately. If there isn't a reinforced building or underground shelter nearby, take cover in a ditch or valley.

Nuclear Planning and Response

WHAT IS RADIATION?

Everything on earth is made of tiny particles called atoms. Some atoms give off energy. This energy is called radiation. Radiation is a form of energy that moves in waves or particles. It is found throughout the natural environment in the form of light, heat and radio waves. Nuclear radiation comes from radioactive material, such as uranium. There are also naturally occurring radioactive atoms in everything in the environment, even your own body. While you cannot hear, see, feel, taste, or smell radiation, it can easily be detected with special equipment. Radiation is a very natural part of our daily world. We all receive very small amounts of radiation each day from the air, food, the earth, and building materials. We are also exposed to radiation from other sources such as x-rays used by doctors and dentists and from consumer products such as TV sets. The amount of radiation that a person gets is measured in millirems. In Arkansas, the average radiation exposure from naturally occurring and man-made radiation is up to 180 millirems per year. Most studies indicate that radiation exposure of up to several thousand millirems per year, results in no measurable effect.

WHAT IS AN EMERGENCY?

An emergency at a nuclear power plant could be caused by many things. State and local officials will be notified of any emergency that could cause the nuclear plant to become unsafe. There are four classes of emergencies at nuclear power plants:

NUE – notification of unusual event is the least serious emergency class. It means that something out of the ordinary has happened. People living in the area should not have to take any action.

ALERT – this class means plant safety could become a problem. State and local officials will go to their emergency centers to follow the situation. The general public should not have to take any action.

SAE – site area emergency, means the public might be affected. You should hear the Emergency Warning System. Tune in to your local radio stations for information. State and local officials will take action to protect those living in the area.

GE – general emergency, is the most serious emergency class. State and local officials will take action to protect people in the area. Stay tuned to your local radio stations for instruction.

Within 15 minutes of the time an emergency is declared at Arkansas Nuclear One, Entergy Operations, Inc. must notify state and local officials. Through use of the Emergency Warning System, state officials can notify the public of an emergency within 15 minutes. You will hear a steady siren signal lasting about 3 minutes.

PLEASE STAY CALM!

When you hear the sirens, listen to one of these local radio stations for information:

KARV	610	AM	Russellville
KCAB	980	AM	Dardanelle
KLYR	1360	AM	Clarksville

NOAA Weather Radio Frequency	162.525		Russellville

EMERGENCY PREPAREDNESS

EVACUATION PROCEDURE

Look at the map on page 30 and find out which Care Center you would go to and how you would get there. If an evacuation begins, don't rush, you'll have time. When you leave home, tear out the "NOTIFIED" tag from the back of your Emergency Instruction Brooklet. Attach the tag to the front of your home so officials will know you have gone. As you leave the area, tell a neighbor about the evacuation. They may not know about the evacuation and may need a ride to a Care Center. You may need to stay at the Care Center for two or three days. This will depend on conditions at the plant. Listen to the radio for current information.

CARE CENTER LOCATIONS

Morrilton	Morrilton High School
Hector	Hector High School
Clarksville	Clarksville High School
Paris	Paris High School
Danville	Danville High School

ITEMS TO TAKE TO THE CARE CENTER

- change of clothing
- towels & washcloths
- personal identification
- soap & shaving equipment
- flashlight & batteries
- blankets & pillows
- sanitary supplies
- medications
- baby supplies
- portable radio

HOME SAFETY TIPS

Sheltering means to stay indoors. Close all doors and windows. Turn off sources of outside air. Close the fireplace flue if not in use. Use telephones only for medical, fire, or extreme emergencies. Remain indoors until told it is safe to go out. If traveling, close auto windows and vents and put air conditioner on maximum, if needed. Listen to you local radio station for further instructions.

SCHOOL EVACUATION PROCEDURES

Schools will be notified before the general public and students will be taken to a Care Center. Parents should not attempt to pick up their children at the schools since this will create a traffic problem. Once children are registered at the Care Center, they may leave with a parent or legal guardian. If it is necessary, students will be monitored for radioactive contamination.

SPECIAL ASSISTANCE INFORMATION

Are you:

- hearing disabled/hard of hearing/deaf
- unable to hear a siren in your location
- mentally or physically challenged

Or would you:

- need a ride to a care center
- need special notification

If one of these applies to you, fill out a "SPECIAL NEEDS INFORMATION" form. If you don't have one, contact:

Arkansas Department of Health
Nuclear Planning and Response Program
P. O. Box 1749
Russellville, AR 72811-1749 or
Telephone: (601) 968-7171 or (800) 422-6630

Our office is located at 305 South Knoxville in Russellville and office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding holidays. To report siren problems, NOAA Weather Radio problems, or any urgent concern, you may call the above telephone numbers 24 hours a day.

SEVERE WEATHER

The siren system around Arkansas Nuclear One can be used to alert the public of severe weather. This can be done by local official if they feel it is necessary.

LIVESTOCK INFORMATION

A free pamphlet is available from Nuclear Planning and Response. Use the information above to contact our office.

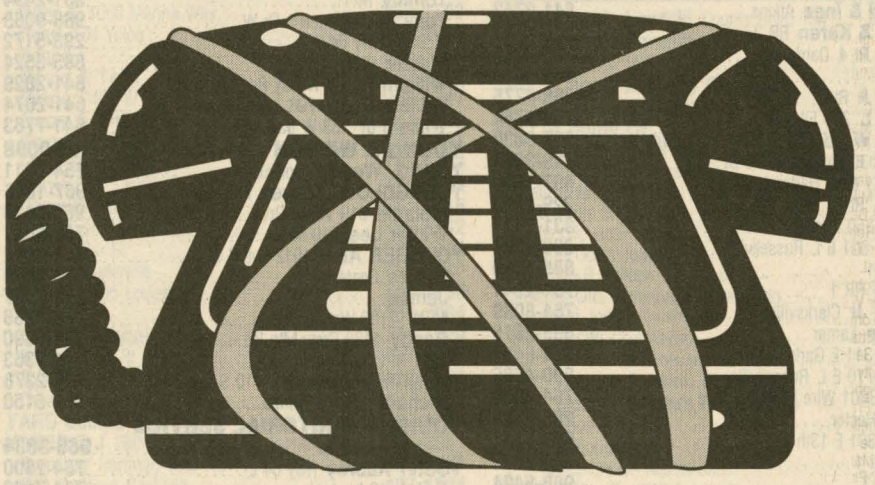
Talk, Talk, Talk,

Family Telephone tied up a lot?



Family members, all with social engagements, can really tie up the telephone. Stop missing connections and end all the confusion. Get a separate line for your children. Call your CenturyTel representative for details.

JON R. SANFORD Attorney At Law

When Experience Counts --

Practicing Continuously Since 1970 -- 32 Years Trial Experience

Personal Injury -- All serious personal injuries (or deaths) from any accident, malpractice or defective product

Real Estate -- The purchase or sale of a home or land; solutions to title problems and real estate development

Bankruptcy -- Personal and business protection from creditors; alternatives to bankruptcy; tax problems

Divorce -- Divorce, custody, support, adoptions, family and prenuptial agreements

Wills, Trusts and Estate Planning
Drafting, changing and probating wills; dealing with "no will" situations; asset preservation; tax minimization and avoidance; preparations of trusts

Criminal Defense -- Defense of all criminal charges, including drunk driving DWI

Small Business -- Starting a new business; incorporating; partnership agreements; contracts; leases; collections; selling a business; commercial litigation

Litigation -- Advancing or defending your personal and business interests in court

ENCOURAGE YOUR KID'S HABIT

KIDS NEED SOMETHING BETTER TO DO THAN DRUGS. LIKE SPORTS. DANCE. OR MUSIC. BECAUSE GOOD THINGS CAN BE HABIT-FORMING, TOO. SO GET THEM INTO A GOOD HABIT. TODAY. OR THEY MAY GET INTO A VERY BAD ONE.

ENCOURAGE YOUR KID'S HABIT

KIDS NEED SOMETHING BETTER TO DO THAN DRUGS. LIKE SPORTS. DANCE. OR MUSIC. BECAUSE GOOD THINGS CAN BE HABIT-FORMING, TOO. SO GET THEM INTO A GOOD HABIT. TODAY. OR THEY MAY GET INTO A VERY BAD ONE.
